The screenshot displays two instances of the SIMATIC Manager LAD editor. The left window is titled 'FB1 -- "FB_ENVIAR"' and the right window is titled 'FB1 -- "FB_RECEBER"'. Both windows show the 'Contents Of: "Environment\Interface"' pane with a tree view containing 'IN', 'OUT', 'IN_OUT', 'STAT', and 'TEMP'. Below the interface definition, there are text fields for 'Title', 'Comment', and 'Comprimento do campo de dados a ser enviado/recebido em bytes'. The main editor area shows Ladder Logic (LAD) for 'Network 2'. In the left window, Network 2 is titled 'Transferência de dados para DB100' and contains a MOVE instruction with source '#SSEND_LEN' and destination '#SSEND_LEN'. In the right window, Network 2 is titled 'O SFB13 "RCV" recebe os dados de uma estação.' and contains a MOVE instruction with source '#SRCV_LEN' and destination '#SRCV_LEN'. A large watermark 'GET INTO PC' is overlaid on the bottom left of the image.
